Write me 10 questions to ask the top management and board department during an audit

1. How do you ensure that the company's strategic goals and objectives are effectively communicated and understood throughout the organization?
2. Can you provide an overview of the company's risk management framework and the processes in place to identify, assess, and mitigate risks?
3. How do you monitor and assess the performance of the company against key performance indicators (KPIs) and targets?
4. Can you explain the company's decision-making process and how strategic decisions are made?
5. What measures are in place to ensure compliance with relevant laws, regulations, and industry standards?
6. How does the company promote a culture of ethical behavior and integrity within the organization?
7. Can you describe the company's approach to talent management, including recruitment, development, and retention of key employees?
8. What initiatives are in place to foster innovation and drive continuous improvement within the company?
9. How do you evaluate and manage relationships with key stakeholders, such as customers, suppliers, and shareholders?
10. Can you provide information on the company's financial performance, including revenue growth, profitability, and cash flow management?
